

## **CBSG® Program Video Testimonial**

We need you! We are seeking programs and facilitators of the *Curriculum-Based Support Group (CBSG) Program* to video short testimonials about the impact the curriculum and support group setting has made on you, the children & youth you serve, your organization, and your community.

It's really simple! Here's what you do:

- Create a short script of the highlights you'd like to share. Include:
  - Your name
  - Where you work (Name of your Organization)
  - Your location (City and State)
  - The name of the curricula adaptation you are using (*Kids' Connection, Youth Connection, Kid's Connection, Too, and Faith Connection*)
  - Your experience/example/impact.

Example:

*My name is Kathy Daley and I work for Rainbow Days in Dallas, TX. Our Kids' Connection participants really enjoy sharing their Sunshine and Clouds. It's a time we can be honest with each other and share our feelings without judgement.*

- Record the video on a smart device (e.g., phone, iPad, laptop, computer with webcam).
- Try to keep responses as evergreen (long lasting) as possible, to have your video relevant for years to come.
- Keep it concise, 30 to 60 seconds long.
- Be mindful of the background, make sure it is appropriate for public viewing.
- Try to keep background noise to a minimum.
- Make sure we can clearly see you/the setting is not too dark or too bright (just think...is this a good selfie?).
- Speak from your heart.
- Record yourself vertically NOT horizontally.

We would be honored to include you in an upcoming promotional video!

Please contact Kathy Daley, [kathyd@rainbowdaystraining.org](mailto:kathyd@rainbowdaystraining.org), with any questions.
