With the kick off to the new educational session hosted by The Lending Ladies we decided to change the structure of the sessions. Below are just a few of the topics that we will be discussing at the November FREE lunch. We will be providing a lot of information to help make your real estate transactions go much smoother into the new year.

- Condos (warrantable vs non-warrantable)
- Positive partnerships and communicating on important issues during real estate transactions
- Title nightmares and how to avoid them
- Plus much more...
