

## Welcome Your Clients to Their New Home – Here Is \$125 To Get Them Started

Focus on Energy partners with utilities across Wisconsin to provide resources and incentives for energy efficient home products, equipment, and improvement projects. We also work with 800+ real estate Ambassadors across the state to bring improved home comfort, efficiency, and peace of mind to Wisconsin homeowners. To-date, our real estate Ambassadors have put more than \$900,000 in heating and cooling vouchers into the hands of their clients, and set more than 7,000 Wisconsin homebuyers on the path to energy efficiency and cost savings.

Once you complete the exclusive online [GMAR Workshop](#) and enroll as an Ambassador, you can start offering your clients access to new energy efficiency expertise and exclusive perks, including a Welcome Kit with a **\$125 heating and cooling tune-up voucher** and a helpful ***Home Energy & Maintenance Guide***. The kit is co-branded with your business information and sent to your clients on your behalf, at no cost to you, providing an extra touch and added value.

Take the first step: [Register for the GMAR-sponsored workshop in February](#).

For more information, visit [focusonenergy.com/ambassador](http://focusonenergy.com/ambassador) or email Focus on Energy representative, [Nancy Alberte](#). Nancy can also be reached at 608.358.8212.

P.S. Headed to the WRA Winter Convention? We are, too! Stop by our booth for more information.
