# Virtual "Team Collaboration" Training

**EXPERIENCE ONLINE TRAINING  
LIKE YOU'VE NEVER BEEN BEFORE**

# VIRTUAL TEAM COLLABORATION THROUGH GAMINAR

## INTRODUCTION

We believe online training is more than just sitting behind your computer screens. It's about active engagement and immersive learning experience that inspired you to implement the learning content into real work experiences.

## THE GAMINAR

Our Gaminar is 100% online, a facilitator-led multi-player learning experiences. It's highly engaging and fun learning WebApp that will enable your team to gain learning retention, learning adoption, and learning transfer into their daily work.

## HOW IT WORKS

First, you and your team will have a live workshop (through Zoom, MST, Meets, etc.) with our experienced facilitator on the topic of "Team Collaboration." Second, through the zoom session, you and your team will log into our WebApp to experience a fun and engaging gaminar session. Third, our experienced facilitator will facilitate your team's learning insight into real-life work situations.

## OUR GAMINAR FEATURES

- Competency based learning themes.
- Activities hosted on WebApp.
- Live online interaction between participants and facilitator.
- High quality visual & graphics.
- User friendly experience.
- Collaborate to co-create solutions.
- Range of participation from 5 - 500 participants.
- Duration per activity from 30 - 90 minutes.
