In our Sugar and Spice culinary theme, kids will enjoy the best of both worlds—creating one sweet and one savory recipe each class! Young chefs will make delicious bites while building kitchen skills and confidence. Students will discover how wholesome ingredients like avocado, sweet potato, pumpkin, and fresh fruit can transform everyday recipes into colorful, nutritious creations. Learners will develop a variety of hands-on techniques including layering, folding, and glazing. Young Chefs will create recipes like Pumpkin Cream Trifle, Chocolate Orange Tart, and Triple Berry Pancake Muffins. Each week, themed lessons like "From Garden to Oven," "Veggie Transformations," and "Naturally Sweet Layers" guide students to think critically about where food comes from and how simple, seasonal ingredients can be both delicious and nourishing. Young chefs will also explore the science of flavor by learning how spices like cinnamon, citrus zest, and warm seasonal blends can enhance both sweet and savory dishes. Along the way, students build real skills, like measuring, mixing, and plating their own creation! By the end of the program, every student will have the skills, knowledge, and creativity to bring a little Sugar and Spice into their own kitchen at home!

by Breathing Space, LLC

Yoga with Breathing Space gives young children the perfect balance of movement, mindfulness, and fun. Through playful yoga poses, breathing exercises, and creative games, kids build coordination, balance, and motor skills while also learning techniques for focus, self-regulation, and calming their bodies. Research shows that yoga in childhood supports social-emotional learning, resilience, and overall mental well-being. Our supportive, non-competitive environment helps children feel safe to explore, grow, and connect with peers. Each week introduces a theme through stories, nature, or simple values, brought to life with movement, songs, and sometimes art. Classes always end with a quiet relaxation period, giving your child the rare chance to slow down, rest, and reset. Yoga & Creative Movement is more than just a class—it's a joyful way for children to build confidence, resilience, social-emotional skills, and healthy habits that last. Classes are secular, inclusive, and trauma-sensitive
