

We Accept Gifts of Appreciated Stocks

Did you know that First Presbyterian Church can receive gifts of transferred securities? You may have long-ago inherited stock or held on to shares that have appreciated to the point that the individual capital gains make selling the stock unattractive. You can directly transfer/deliver such shares of common stock to the church.

Here is what to tell your broker how to make an electronic transfer:

DTC DELIVERIES

DTC Number for First Presbyterian Stock Account: 0901

Bank of NY

Receiving Account: 092651

Receiving Acct Name: Fulton Bank, NA, FFA Div Trust

For FINAL credit to First Presbyterian Church of Bethlehem

Place in Account ending 23011 (combined 23003)

Brokers sometimes neglect to tell recipients the name of the donor so we would appreciate if you call Linda Robertson (610-865-2087) when you initiate any stock transfer; you can report the name of the company and the number of shares being transferred.

Thanks in advance for your cheerful giving. Your generosity is what enables our faith community's action in the community.
