K Group Survey

Are you in K Group? Would you like to be in a K Group? Do you have absolutely no idea what a K Group is?

"K" is short for *koinonia* (pronounced "koin-on-EE-uh"), a Greek word that denotes close fellowship. K Groups are small groups that meet for fellowship, support, study, service and whatever else each group decides to do.

K Groups have a long history at First Presbyterian, and it is time to check in with our existing groups and see if there is interest in forming new ones. So, whether you are in a K Group or not, we are asking everyone to fill out this survey. Thank you for your help!
