

# Considering Getting a CDA? Join Us!

## All About the CDA: Orientation to the CDA Process

If you are a child care provider and are considering obtaining the Child Development Associate (CDA) Credential, you won't want to miss taking a CDA orientation session. It's a great chance to learn more about the CDA class content and requirements.

### Why should I earn a CDA?

- Your career in early care and education will be enhanced upon receiving this nationally recognized credential.
- You will learn how to help children gain knowledge and master skills that will benefit them throughout school and life.
- You will learn to work more effectively with families.

### The CDA Preparation Program offers you:

- 120 clock hours of Kentucky-approved training
- Convenient class times and locations
- Skilled instructors with years of experience in early childhood education
- Assistance with documentation requirements and preparing for the Verification Visit
- The opportunity to learn within a community of other early childhood education professionals

### Scholarships are available!

Scholarships are available for the 4C CDA Preparation Program. More information on scholarship requirements and how to apply will be available at each orientation session.

**Please note: This is an information session and does not offer Kentucky credit.**

*"In order to elevate the field of early childhood education, we need to see early childhood providers and teachers as professionals. The CDA is the best first step on the path to career advancement. Early childhood professionals not only earn a nationally recognized competency-based credential but also gain knowledge and master skills that benefit children and families for life."*

— Andrea Heil  
4C Quality Programs Coordinator
