

# KENTUCKY IMMUNIZATION REGISTRY (KYIR)

## What is the Kentucky Immunization Registry (KYIR)?

The Kentucky Immunization Registry (KYIR) is a web-based, statewide system that collects and reports immunization data.

KYIR can receive and send data securely to ensure privacy, confidentiality and accuracy.

## How can your child care center benefit from using KYIR?

By logging on and using KYIR, you can:

- Print immunization certificates (no PCP signature required!)
- Print new certificates that have been short-dated on expiration
- Locate missing immunization records
- Access records of students transferring in from other areas of Kentucky
- Reduce phone calls to parents and medical providers

For additional information on the Kentucky Immunization Registry, please visit the Kentucky Cabinet for Health and Family Services website:
