

The Black Suit is Back

The black suit ruled the runways of Fashion Week. The meticulously tailored suit worn with a white shirt and tie is the face of the season. Single-Breasted Suits, Double-Breasted Suits and Tuxedos will all in back-to-basics black. They are edgy, crisp, elegant and quite serious. In recent years, people have prematurely declared the demise of the suit, but 2019 is proclaiming that the Suit is steadfast, dependable and enduring.
