

STAY CALM & WASH YOUR HANDS!

According to the Center for Disease Control (CDC) regular handwashing is one of the best ways to remove germs, avoid getting sick, and prevent the spread of germs to others.

Providing portable hand washing stations for your employees and customers demonstrates interest in their health and safety.

Hermanson can fabricate customized mobile sink stations that are light weight and provide cold or hot/cold water from onsite or tank water supply and on-site or waste storage tank drainage. Customized fabrication can be completed in under ONE WEEK and are less expensive than comparable options on the market.

Hermanson can fabricate customized mobile sink stations that will be:

- Light weight / portable
- Provide cold/hot or cold water
- On-site or storage tank water supply
- On-site or wastewater storage tank discharge
- Customized fabrication in less than one week
- Less expensive than comparable options
