

The students and families of St Rose of Lima School are joining forces with The Blessing Bag Brigade as a community outreach project. The Blessing Bag Brigade is a 501 © 3 dedicated to showing compassion and humanitarianism to those in need by providing them with blessing bags filled with hygiene items, food and socks. Their mission is to help the homeless find some comfort and hope. It has been their experience that everyday items that we take for granted, can make a huge impact on these individuals. Once these bags are assembled, they are distributed to local shelters and on the streets of NYC. We are asking our students and their families to donate the supplies needed to assemble the bags.

Each classroom will have a donation box available for the items needed for the bags. You may donate as much as you like to this cause. **PLEASE BRING IN YOUR DONATIONS BETWEEN MONDAY, FEBRUARY 17TH AND THURSDAY, FEBRUARY 27TH.**
