After fourteen-year-old Ozzy's scientist parents are kidnapped, Ozzy's only help may be a classified ad that says "Wizards for hire." With the help of a robotic-talking raven invented by Ozzy's father, a kind and curious girl at school who decides to help Ozzy, and, of course, a self-proclaimed wizard who may or may not have a magical wand, Ozzy begins an unforgettable quest that will lead him closer to the answers he desperately seeks.
