RESEARCH STUDY ON MENTAL HEALTH OF GAY, LESBIAN, & BISEXUAL OLDER ADULTS

Participants Needed

We're recruiting participants for a new study, "***Aging Over the Rainbow***," to explore how stressors and resilience factors shape the health and wellbeing of older sexual minority adults. If you are eligible to participate (or know someone else who might be), we kindly ask you to fill out our interest form.

Eligibility Criteria:

1. **65+ years of age**
2. **identify as gay, lesbian, bisexual, queer, other sexual minority person, inclusive of cisgender and transgender people**
3. **have access to the internet**

Potential Benefits:

- Contributing to scientific research aimed at better understanding mental health among sexual minority older adults

INTEREST FORM

Please scan this QR code to view and complete a quick interest form and we will reach out to you directly

Participation Involves...

Completing an online 30 minute survey that asks about stress, discrimination, coping, diet, and alcohol use.

Participants will receive $10 compensation.
