Goals of Care Coalition of New Jersey

This program is supported by: compassion & choices

NEW!
Advance Care Planning Certificate Program

Join a growing network of healthcare professionals across the country committed to providing compassionate, patient-directed care. With expert instruction, this accredited, self-paced, and affordable course delivers high-quality, evidence-based content that will equip you to effectively discuss and document advance care plans with your patients.

Designed for healthcare professionals — including physicians, physician assistants, nurses, social workers, pharmacists, case managers, and more — this program is relevant to anyone looking to grow their skills in advance care planning.

> ***The ACP Certificate Program is an invaluable tool to give healthcare professionals the skills and competencies to care for individuals and families at the end of life — with confidence and compassion.***
