

New Support for Internship Experiences – October 15 deadline

The IPPS-Eastern Region Foundation (IPPS-ERF) is proud to introduce a new program to support internship experiences related to nursery production, plant propagation, ornamental research or plant collections for students or novice employees (less than 5-years of experience). IPPS-ERF provides up to \$1,000 to support travel, housing, wages, or educational expenses to enhance their overall internship experience. The successful candidate(s) will receive the funds in the form of a reimbursement for expenses incurred during the internship experience. The deadline for submitting a proposal is **October 15, 2019**. Click here for the [application form](#). Successful applicants will be notified by November 15. Successful candidates are encouraged to present their experience at an IPPS-Eastern Region Conference in the form of a poster and/or provide a one-page manuscript for the IPPS-ER Proceedings or Newsletter.

What is the IPPS-ER Foundation?

The IPPS Eastern Region Foundation was created in 2004 to support research and education in ornamental horticulture. IPPS Eastern Region provides a forum for sharing plant production knowledge to enhance the professionalism, knowledge and skills of its members.

Questions regarding internship grants should be directed to the Foundation Internship Committee Chair, Ron Amos at IPPSERintern@gmail.com.
