TRAUMATIC BRAIN INJURY
SYSTEM OF SUPPORT

tbisos.org/takepart

Research Study: We are recruiting!

The aim of this project is to boost traumatic brain injury awareness and support among school staff and communities.

About

We are the Center on Brain Injury Research & Training (CBIRT) at the University of Oregon. We're working with Texas A&M University-San Antonio on this study. We want to learn why kids with brain injury/concussion struggle and what things might help them.

Who

We're looking for **Parents / Primary Caregivers, Students (10-17), Educators / Childcare Providers** and **Healthcare Providers** in Bexar County, TX or the surrounding area to take a 10-15 minute survey regarding the services and accommodations beneficial for young children or students returning to childcare or school after a brain injury or concussion.

Pay

We'll send you at least a \$10 gift card after you complete the survey.

Contact

Scan the **QR code** or visit **tbisos.org/takepart** to see if you're eligible. Contact us at info@tbisos.org for more information.
