# Pedal Activated Sanitizer Station

## ZERO TOUCH | ZERO CONTAMINATION

Made in America, the patented Shield dispenser is designed to prevent contamination and remove the worry. This no-touch dispensing station is constructed from durable powder coated steel with chrome pedal, guard and is 100% mechanical. It is built to last and will dispense properly, every time guaranteed. Accommodating any pump top sanitizer bottle from 250ml to 1L, makes for a great universal fit.

It is sleek with a contemporary design, and will fit well in any environment. It functions as an independent stand and can also be bolted to the ground to prevent theft. With a simple press down on the foot pedal it will dispense the sanitizer directly onto your hand.

Shield key features:

- No contact with hands
- 100% mechanical - no batteries
- No installation required
- Universal bottle fit
- Rust proof durable powder coated steel
- Simple & easy to use
- Shield technical characteristics:
