

SHEBOYGAN FALLS ELEMENTARY SCHOOL

November 2019

Dear Parents/Guardians,

Every year the Sheboygan Falls Elementary School Counselors, teachers, and staff work to promote a safe, trusting, and positive school climate. We want our students to have good relationships with our staff, and feel like they have at least one trusted adult that they can go to if they are having a problem or concern.

During the week of November 18th-22nd, your child's teacher will be doing a Falcon Tool Lesson with their class about feeling connected in their school community. Students will learn about what it means to have a safe trusted adult at school, and also be given a survey to identify the adults in their school community that they consider and can identify as their safe trusted adults.

We encourage you to talk to your child about this upcoming activity and Falcon Tool Lesson. It is just as important that students have a safe trusted adult at home! See if your child is able to talk to you about it and can identify an adult at home and school. We want our students to know that we care!

If you have any further questions or concerns, please feel free to reach out to one of the Elementary School Counselors, Mrs. Humski or Mrs. Lorge, via email or phone. Thank you for your time and support!

Sincerely,

Mrs. Humski & Mrs. Lorge
