

## **BROWN DEER GOLF CLUB CORONAVIRUS PROTOCOLS\***

Brown Deer has taken the following precautions to protect the health of golfers and staff:

- Staff washes hands using antibacterial hand soap throughout the day, and antibacterial hand soap is in all public restrooms at Brown Deer.
- Golfers are asked to hand sanitize as they enter and exit Brown Deer Pro Shop and Divots! Bar and Restaurant.
- Golfers will swipe their own credit cards and grab their own receipts from each transaction.
- High touch surfaces are being cleaned in our golf course spaces, building, and the Pro Shop throughout the day.
- A shower curtain divides players in the golf cart.
- Carts are sanitized between each round as they are returned.
- Cups contain pool noodle so balls may be easily retrieved.
- All ball washers have been removed.
- Course bathrooms are sanitized daily.
- Golfers asked to not pick up pro shop merchandise. Let a staff member help you.

Patrons are encouraged to touch only what they feel comfortable handling. Rakes are out for the sand traps, but they do not have to be used.

*\*Measures are continuously changing.*
