

QUICK GUIDE TO GSK FLU DELIVERY

Understanding the notification and delivery process

SCHEDULING YOUR DELIVERY

When your flu vaccine reservation is available, you will receive an email from GSKDirect containing all the information you need to schedule your delivery.

- GSK makes your reservation available in 2 parts to help you manage storage space and begin vaccination sooner

Did you know?

- We've **DOUBLED** your ordering window from 7 to 14 days to give you more flexibility
- Deliveries can be shipped to **multiple locations on different days**

Any unscheduled doses will be automatically canceled after the ordering window has closed

NOTE: Make sure your GSKDirect account contains your correct email address before scheduling delivery.

WE WILL KEEP YOU UPDATED

Once your order is placed, you'll receive two emails:

- Order confirmation with delivery date and shipping address
- Shipping confirmation with tracking number (once shipped)
