Engage Forward connects your nonprofit organization with Leadership Palm Beach County's Engage Program class members. They will actively collaborate on finding solutions to issues facing your organization or the community you serve. Your organization (and those you serve) will be the beneficiary of this infusion of manpower, creativity, connections, and effort.

Over the years Engage Forward has worked with dozens of our county's nonprofit organizations to launch new programs, revitalize departments, create memorable events, or build social enterprise. **In order for your project to be considered for Engage Forward, at least one representative from your organization must attend one of the two workshops.** Proposals are due back to LPBC no later than June 24 at 5:00pm.
