The Rev. Elizabeth Maxwell Rector  
The Church of the Ascension 12 W. 11th St  
NYC NY 10011

Dear Liz+,

We are so grateful to you and The Church of the Ascension for your generous donation to the New York Haiti Project. On behalf of the children and teachers who benefit, thank you.

St. Luke's Episcopal School in Martel has recently expanded to include 9th grade, serving 236 students. We now have a new kindergarten and administrative building, as well as a drinking water system, a latrine and solar panels.

This coming March we will begin the second year of teacher training from P4H Global, a non-profit organization dedicated to training Haitian teachers. All indications tell us that these training sessions are having a very positive impact on the school. The teachers are learning how to get the students to speak more by asking open ended questions. The goal is to promote critical thinking rather than rote memorization.

Please continue to pray for St. Luke's Episcopal School in Martel.

"The prayer of the righteous is powerful and effective." James 5:16

May God continue to bless you and your ministry.

Christ's peace,

Sam+

The Rev. Sam Owen  
Director  
New York Haiti Project

THANK YOU ASCENSION FRIENDS !
