

May 2018

Dear Parent/Guardian(s):

MEDICATION PICK-UP: Parents are responsible for picking up all medications by the end of the school year. The health office does not store medications over the summer. Leftover medications will be brought to a drop off location and destroyed on June 08th at noon.

Medications that can be sent home in your child's back pack include epipens, diabetic supplies, and inhalers.

MEDICATION DURING 2018-19 SCHOOL YEAR: If your child will need medication again next year, new forms will be required in the fall. These are now available on line at the MMSD website: <https://stusvcweb.madison.k12.wi.us/node/100> . Both a parent permission form and a medical provider (physician) order form are required. Medical provider can FAX the order to the Lafollette Health Office at 608-204-3760. Medications and completed parent permission forms can be dropped off during fall registration.

If you have any questions, please call

- Rachel Gallagher (School Nurse) at 204-3621
- Anna Melville (School Nurse) at 442-2967
- Martha Pfister-Genskow, (Nursing Assistant) at 204-3622.
