

Civil / Municipal Inspector

Upper Canada Consultants is a mid-sized civil/municipal engineering and urban planning consultant with approximately 35 staff located in St. Catharines involved in both municipal road and reconstruction projects and new residential subdivisions and commercial developments within the Niagara Region.

We are offering a full-time opportunity for Civil Inspector and we will provide additional training and skills development.

We are looking for a candidate(s) to join our firm as a Civil Inspector Technician.

Job Description

- Liaison between Municipality, owner and contractor,
- Attend multiple construction projects when providing spot inspection, assess upcoming construction activities and ensure critical details are witnessed,
- Prepare clear and detailed as-constructed record drawings,
- Work with and provide input to the design team, and
- Provide municipal servicing inspections.

Job Requirements

- Reporting to Field Supervisor, the ideal candidate will be a self-motivated individual who is well-organized, has strong time management skills, and is able to communicate – both orally and written – effectively,
- A level of fitness associated with working in the field is expected,
- Knowledge of AutoCAD Civil 3D 2021 is an asset,
- Knowledge of the Niagara Peninsula CAD Standards is an asset,
- Experience with Civil/Municipal Engineering or Land Development is an asset,
- Ability to work in a client-oriented dynamic environment,
- Professional attitude with a strong attention to detail, and
- Must have a Class G license and access to a vehicle.

Competitive remuneration commensurate with past experience and knowledge level.
