

cotton mill in the Dominion of Canada in its day. The restoration retained many of the factory's original architectural features making for a striking and apropos venue for the NCA's AGM.

*About the Niagara Construction Association:*

*The Niagara Construction Association (NCA) is an NFP member organization established in 1952 to represent the interests of the Niagara ICI construction industry. Members are general and trade contractors, manufacturers, suppliers, architects, engineers and other professionals affiliated with the industry. Members automatically receive membership with the CCA and COCA. We keep on top of industry issues and advocate on our members' behalf and offer numerous safety and educational courses (including Gold Seal), seminars and workshops. Additional benefits include project leads, industry updates, events/networking, Young Leaders committee, Women in Construction committee and targeted marketing opportunities.*
