Instructor: Ellaline Davies, President of Safety Works Consulting Inc.

We have seen changes in our construction workplaces around medical marijuana and the 'soon to be authorized' legalization of Cannabis.

What can we do about this and other substances that are being consumed in our workplaces?

In this course we'll look at substance use, what is it and what impact it has on other workplace parties. We'll look at the identification of substances and what we can expect the outcome to be if we do nothing.

The course has a lecture format followed by small group participation and large group discussion.

WHO SHOULD ATTEND: Employers, Owners, Managers, Supervisors, Workers

WHAT WILL YOU LEARN:

- How to identify different substances in your workplace
- Other activities around substance use
- How to handle situations
- Developing a robust Program to navigate the waters
- How employers can protect themselves
- And what to do and what not to do

Pre-payment is needed for this registration. We require 48 business hour advance notice for cancellation. Download a [registration form](#) and [e-mail](#) or fax (905) 688-5029
