

## **The Canadian Construction Industry from 30,000 Feet! For Human Resource Professionals and Recruiters**

Arming HR professional recruiters who specialize in construction and design with the knowledge they need to succeed when working with construction management employers and design professionals is critical to personal success in the fast-paced world of construction employment services.

This 2 Module 1.5 hour per module course built on our VIRTUAL CHALK platform can be completed over 2 lunch hours. Delivered ON-LINE LIVE and scheduled from 12:00 PM to 1:30 PM EST, this course is a must-have for your team.

Topics include the make-up of construction teams, contracting delivery methods, phases of ICI and CIVIL construction projects, and basic labour relations in the Canadian construction industry including the difference between open shops and unionized contractors, and different design professionals' work skills/scope and how they are regulated in Canada.
