

The League of Champions presents...

SHARING BEST PRACTICES "COVID-19"

THURSDAY | APRIL 23, 2020 | 1:30PM – 3PM | via ZOOM

To support your safety program during the COVID-19 crisis, we will run a series of webinars featuring LOC members presenting and answering questions about programs and process they have implemented.

Next week's presentation will cover a number of best practices and procedures that members have volunteered to discuss. Each of these members have developed procedures that we are sure you will find helpful.

In weeks to come, we will have members present on other more specific practices. We welcome your requests and if you have something to share please let us know.

The physical distancing requirements make it not possible for us to meet in our regular format so we will be using the Zoom platform to keep in touch and provide you with the support you require to keep your workers safe during the biggest health and safety crisis our modern system has ever faced.

Please stay healthy, stay safe.

To join this FREE webinar, please register [here](#)
Registration is open until April 22nd
