

TWELVE HOLIDAY SAFETY TIPS

- 1** Keep decorations at least three feet away from heat sources – especially those with an open flame, like fireplaces and candles.

- 3** If you have a natural Christmas tree water it to keep it fresh and safe.

- 2** The best decorations are safe decorations, so when you're decorating, make sure not to run cords under rugs or furniture.

- 4** Always turn off your decorations when you leave your home and when you're sleeping.

- 5** If you're using extension cords or adapters that add receptacles, consider having a qualified electrician add more outlets to your home.

- 7** Remember that phones and tablets should stay on your nightstand.

- 6** Only use electronics in dry areas. As tempting as it is, you just can't decorate your aquarium with icicle lights.

- 8** Every home needs a working smoke alarm in each bedroom, outside sleeping areas and on every level, including the basement.

- 9** If you're using a space heater, switch it off before leaving the room.

- 10** Inspect your decorations and discard any that are damaged or worn out.

- 11** Keep batteries stored safely in their packaging and out of reach from small children and pets.

- 12** The best gift for your family is an Arc-Fault Circuit Interrupter breakers or outlets. Many electrical fires that occur every year could be prevented by AFCIs.
