

Gold Seal 2-Day Supervisor Course

instructed by Ellaline Davies of Safety Works Consulting Inc.

"I finished the course with a much deeper knowledge of the importance and responsibility of a supervisor...So much has changed since I started in this industry... Ella did a great job of updating us on the Regulations and expectations of a safe work place." Charlie Bufalino, Sapphire Construction

2-Day Supervisor Course

Do you have untrained supervisors working for you?

Are you waiting for business to 'slow down' before you get that training done? Give your supervisors the training they need

to limit their - and your - liability! Don't wait for that elusive "downtime" to sign up for the **2-DAY SUPERVISOR COURSE!** You are liable NOW...**TODAY**, for your actions.

Learn the latest on legislation, MOL Guidelines, roles and responsibilities of all workplace parties and the tools that our supervisors need to be compliant with the law.

Limited space available. We limit our class sizes to 8 to ensure that each participant has individual attention.

Must bring: Copy of the 2018 Occupational Health and Safety Act (**OHSA**) green book *available to purchase at NCA for \$22 +HST and copy of IHSA current log book *available to purchase at NCA for \$22 +HST * Email to purchase books.

Pre-payment is required for this registration. We require 48 business hour advance notice for cancellation.

WHY YOU NEED TO TAKE THIS COURSE:

* You are a new Supervisor

* You haven't done any training for a while and aren't sure of your legal

obligations

* You need to know the tools that are available to you on the job

* You want to be successful and limit your liability!

WHO SHOULD ATTEND? Supervisors, Foremen and anyone who acts in a supervisory role.

LOCATION: NCA, 34 Scott Street West, St. Catharines, ON, L2R 1C9 [MAP HERE](#)

After taking the Course...

"Through the Two Day Supervisor course, I became much more confident and knowledgeable in my dealing with others on a new jobsite; I can easily discern whether something is unsafe and not adhering to Regulations - or is already safe, productive, and in order as is. I also now feel more adept with working with people on these (and other) supervisory issues. The fact that this course is Gold Seal accredited also means that it has more meaningful content for our industry. It's been a while since I took a course with Ella, but now I'm really looking forward to my next one with her. Any and everybody in the industry who is supervising and needs to obtain teamwork on a jobsite needs to take this course."
