

Inside the Canadian Construction Industry for Intern Design Professionals

Intern Architect, Engineer In Training, or Interior Designer?

Built on our VIRTUAL CHALK platform, this LIVE On-line course is comprised of 4 modules of 1.5 hours each for a total of 6 hours.

Scheduled as a lunch and learn format from 12:00 PM to 1:30 PM EST this course offers learners concise and valuable insight into the industry in Canada.

Formatted for design professionals who collaborate on ICI projects, The value of the course is in the practical examples of contract administration challenges, dynamics of the site, basic introduction to labour relations including union and open shop differences and regulatory requirements when working with general contractors and ICI owners of projects.

This course earns ConED self-directed points through most architectural and engineering CPD accreditation programs. Check with your association.
