

LOVE CATS?

SPAY & NEUTER.

IT MATTERS.

Spaying and neutering is the kindest way to help cats live healthier lives and reduce suffering in our communities.

WHY IT MATTERS

BETTER HEALTH

Spayed and neutered cats live longer, healthier lives.

REDUCE OVERPOPULATION

One unspayed cat and her kittens can lead to thousands of cats in just a few years.

LESS ROAMING & SPRAYING

Neutered cats are less likely to roam, fight or spray.

STRONGER COMMUNITIES

Fewer unwanted litters mean fewer cats suffering on the streets or in shelters.

TRAP community cats humanely.

NEUTER/SPAY and provide vaccines and basic care.

RETURN cats to their outdoor home where they are cared for.

TNR SAVES LIVES.
IT'S KIND.
IT WORKS.

BCC IS HAPPY TO ASSIST WITH TNR
