

BUSINESS ADMINISTRATION SCALE

COMMUNITY OF PRACTICE

The Program Quality Assessment team is offering a second cohort of the Business Administration Scale (BAS) Community of Practice (COP) to *eligible providers.

Cohort 2: January – June 2023

Each session offers a deeper look into the items of the BAS and provides additional resources as well as networking opportunities.

The CoP consists of 10 virtual sessions, each 1.5 hours in length, with a pre-session for technology usage (pre-session is optional). The expectation is that participants attend the entire series. PQAS hours will be awarded for each session, and a certificate of completion will be awarded for those who complete all sessions. In addition, a variety of resource materials will be provided for each session.

Participants in the BAS CoP cohort will provide feedback, to impact future sessions and enhance the experience for other childcare professionals.

*Family childcare providers who have participated in the BAS PD session.

Family Child Care Providers
