Assessing School Age Development Using the DESIRED RESULTS DEVELOPMENTAL PROFILE

The Desired Results Developmental Profile is an observation based assessment tool that meets the requirement for EC 3.4.2 and SQ 3.4.8 and is approved by OCDEL for use in school age programs. Participants in this 2 hour online workshop will

- Learn how the DRDP is used for improving program quality
- Practice conducting and documenting observations, and analyzing the results
- Organize tools for gathering observational data and for multiple observers
- Practice completing the instrument using observational data

Registration for this training is limited to providers in ELRCs 8, 9, and 10

To register, click on this link:

<https://www.papdregistry.org/register.aspx?evid=348387>

After registration you will receive a registration confirmation email . This confirmation will include:

- Link to the DRDP
- Link to the training*
- Additional resource for recording observations.

You must complete and submit the assignment outlined at the end of the training to receive 2 professional development credit hours.

Submit the assignment and any questions to
Rhea Simmons - rsimmons@childcareconsultants.org

*Prior observation training is helpful, but not required to complete this course.
