

# WANTED: Afterschool Programs Looking to Enhance or Improve STEM Implementation

**There is still time to enroll!** The Pennsylvania School-Age Child Care Alliance (PENN SACC) is looking for programs to join a pilot ending in October. We will use blended learning to develop and recognize STEM teaching skills with the goal of empowering afterschool program staff to deliver more and better STEM-related learning opportunities. Each staff will earn up to 5.5 PQAS hours and upon successful completion a STEM Micro-Badge. Badges will be stackable and can lead to a STEM Credential.

## Option 1:

You will receive a PQAS approved Instructor who will work with you and your staff onsite using professional development, coaching, observation and post—observation debrief.

Cost: \$21.00 per person

**Option 2:** For programs whose director is a Director Instructor approved through the PA Key

You will receive a PQAS approved coach who will work with the director. The director will teach, coach, observe and debrief their staff on site.

Cost: free
