NationalDEC.Org

National DEC helps break the cycle of abuse and neglect by empowering practitioners to identify and respond to children living in dangerous drug environments.

National DEC's approach for addressing the needs of children in dangerous drug environments focuses on the formation of community-based partnerships that encourage agency personnel from across multiple disciplines to coordinate their mutual interests, resources and responsibilities. We support state services and local communities by helping to develop efficient and effective strategies and tools that better leverage existing resources. We provide national leadership, strategic planning, training, and technical assistance to our alliances and network members and advocate for intervention on behalf of these innocent victims.
