

Ready to build on your “SACC”-SESS?
We can help!

**The Mid-State Regional Key
invites you to be part of
the After-School Quality Project!**

ASQ:
A five-step
shared approach to
Continuous Quality
Improvement (CQI)
that helps your team
develop a common
vision of quality in
School Age care.

Facilitated by your SACC TA, program leadership, staff, families, children, school representatives, and community stakeholders form the ASQ team. Each member of the team plays a part in assessing the School Age program and comes together to form a shared vision of quality. Then the team develops a plan to make the vision a reality!

Programs that participate in this initiative will receive **FREE resources, expert technical support, and ongoing professional development.**

Take the next step in improving your program's quality.
