## Assessing School Age Development Using the DESIRED RESULTS DEVELOPMENTAL PROFILE

**The Desired Results Developmental Profile is an observation based assessment tool that meets the requirement for EC 3.4.2 and SQ 3.4.8 and is approved by OCDEL for use in school age programs. Participants in this 2 hour online workshop will**

- Learn how the DRDP is used for improving program quality
- Practice conducting and documenting observations, and analyzing the results
- Organize tools for gathering observational data and for multiple observers
- Practice completing the instrument using observational data

**This training is now available on-demand. Use this link to register in the PD Registry:**

<https://www.papdregistry.org/register.aspx?evid=326384>

Once you register, you will receive a confirmation email with the following:

1. YouTube Link to the training
2. Directions for Assignment
3. Info on where to send the Assignment

Once assignments are submitted, they will be reviewed and you will be notified that you have been awarded the 2 PQAS hours.
