

SCHOOL-AGE CARE SPOTLIGHT ON SOCIAL EMOTIONAL STANDARDS

3.50 PQAS and Act 48 Credits
(must attend both events to get credits)

Talk of social-emotional learning is everywhere now, but what is it and how should out-of-school time programs address it?

This session will answer those questions, show participants how to incorporate social-emotional learning (SEL) into daily activities, and provide resources to support SEL with school-agers.

This professional development event will meet twice with a reflective homework assignment in between.
