Intentional interactions

Relationships are the active ingredient for learning. Children's relationships with adults, peers, and the world around them are the foundation for all growth. [Read on for information on how overall development in the areas of social and emotional.](#)

[cognitive, language, and physical growth is affected by children's relationships with others.](#)

On Demand

Taking Steps to Healthy Success: Healthy Eating

This module on Healthy Eating is one of five in the Taking Steps to Healthy Success series that shows how ECE program policies and practices can support optimal health for young children, their families, and care providers. [Create action steps to improve your program's practices and policies as you identify ways to engage families and staff in nurturing healthy eaters.](#)

Supervision series now available in Spanish!
