PROGRAM DETAILS

ORDERING

To qualify for the Hager Express program benefits, your order must include only items from the Hager Express list. Orders containing non-program items will not be eligible for priority processing or fulfillment under this program.

BUYING PROGRAMS

Hager Express program orders will be invoiced at the standard buying program rate and prepaid freight minimums.

SHIPPING

Hager Express program orders ship within 48 hours. Orders are shipped via Hager's preferred carrier using standard ground service. If you request air shipment, freight charges will be prepaid and added to your invoice.

ITEMIZATION

Hager Express orders will not be administered with any itemization or door markings.

RETURNS/CANCELLATIONS

Cancellations are not allowed once orders are submitted. Standard Hager return policies still apply.

LARGER ORDERS AND LEAD TIME THRESHOLD

Each Hager Express item includes an Order Cap. This is a maximum quantity that helps us plan and maintain steady inventory across all customers. These caps are in place to ensure fair access and consistent delivery timelines. Orders that exceed this cap could be subject to longer lead times based on current inventory and production capacity.

Need more than the cap allows? We're happy to help. Contact us, and we'll review your request and provide a custom lead time estimate based on current inventory and production capacity.

AVAILABILITY

The Hager Express item list may change based on demand and inventory levels. The most up-to-date list of eligible products is always available on our website.

Hager standard terms and conditions of sale apply.
