

When the COVID-19 crisis suddenly burst into our daily life we were hoping for a quick return to the pre-season frenzy, but only a few weeks later the picture has changed completely. As we come out of the outbreak, there is likely to be plenty to do, but at the moment there is lots of potential, but no actual action.

For now, the plan is survival. Much of the planet is currently united against a common enemy. At the Chamber we have made a point in publishing only what we have been able to verify or what comes from trusted and official sources. Rumours are only that, we are stronger and better than rumours.

Members as Music Niagara are keeping the spirit of NOTL up. Atis Bankas its artistic director sent us the message that you can read below. I hope you will enjoy Handel's "Prayer", Atis' favourite and linked after his message.

Be well and stay healthy

The Team at the Niagara-on-the-Lake Chamber of Commerce and Tourism NOTL
