FOR IMMEDIATE RELEASE

State Route 38 Emergency Project near Angelus Oaks

SAN BERNARDINO COUNTY — The California Department of Transportation (Caltrans) alerts the public that the emergency project continues on State Route 38 (SR-38) to repair damages that were caused by Tropical Storm Mario. *Weather permitting.*

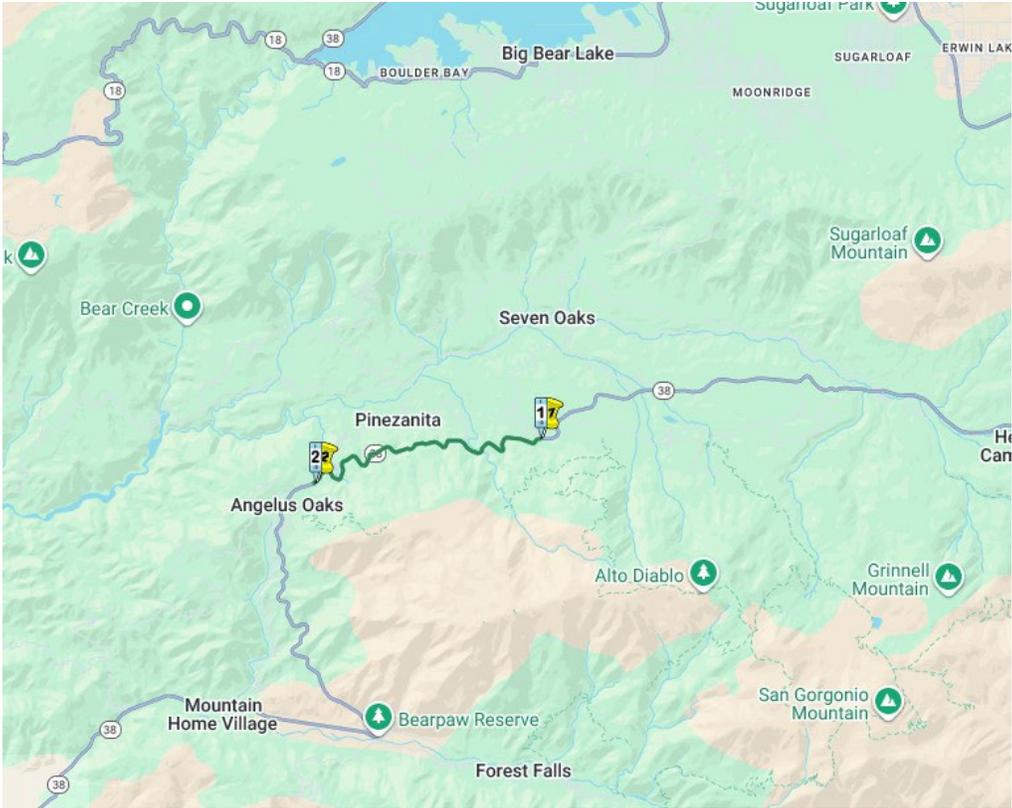

Regularly scheduled full closures will resume Monday through Thursday from 7:00 a.m. to 5:00 p.m. On Fridays, one-way traffic control with flagging will be in effect. All work is weather dependent.

This schedule allows construction crews to safely and efficiently operate heavy equipment to install/repair culverts, remove heavy debris from overfilled basins, address roadway undermining, rebuild slopes, and complete repairs at the main washout location at postmile 23.90. Subcontractors are continuing to install and repair debris barrier racks on the down slopes to help mitigate issues when large amounts of mud and debris flow.

Angelus Oaks will remain accessible from Mentone and individuals coming from the north side of the closure will still be able to reach the camps traveling from Big Bear. Portable CMS signs will be in place along State Route 38, alerting travelers of the Road Closure. **The route will be open to travelers without restrictions from 5:01 p.m. to 6:59 a.m., and fully open on weekends. Motorists are urged to use extreme caution when traveling, as this remains an active construction zone.**

Know before you go! To stay on top of roadwork in the Inland Empire follow us for the latest information on [Facebook](#) and [X](#). To assist in planning your commute, view live traffic conditions using [QuickMap](#).

For those with sensory disabilities requiring alternate formats (i.e. Braille, large print, sign language interpreter, etc.) and those needing information in a language other than English, please contact Caltrans Public Affairs at 909-383-4631 or TTY 711.
