For Immediate Release

Preventative Bridge Maintenance and Safety Work Begins on Interstate 15 in Devore Heights Fall 2025

SAN BERNARDINO – Caltrans will begin work on a \$1.67 million preventative bridge maintenance and safety project on Interstate 15 (I-15). This work is funded through Senate Bill (SB) 1, the Road Repair and Accountability Act of 2017.

Preventative maintenance will improve road conditions and safety by strengthening the bridge decks with polyester concrete overlay, replacing joint seals, and removing unsound concrete. These elements aim to enhance safe accessibility and produce a smoother surface for all roadway users.

Construction signs have been placed in the project zone to make the traveling public aware of the crews in the area. Operations will occur on Interstate 15 at Devore Heights near Junction Interstate 215 and is expected to be complete by winter 2025. All work schedule and timelines are dependent on weather conditions and the availability of materials.
