District: 8 Riverside/San Bernardino

Project ID: EA-08-1H390

Contact: Jaspinder.Hampal@dot.ca.gov

Phone: (909) 553-6837

For Immediate Release

I-15 SB Cajon Weigh Station Relocation

SAN BERNARDINO, CA – The California Department of Transportation (Caltrans) is alerting the public that construction contractors continue performing work along Interstate 15 (I-15) south-bound (SB), for the \$25M Cajon Weigh Station Relocation Project. This project will relocate the SB Cajon Weigh Station and Truck Safety Check Area in Cajon. The existing facility is **closed**. Crews will perform work behind k-rail barriers. The project is anticipated to be completed by late Winter 2025 (weather and/or other factors may affect the construction schedule).

89% of the project has now been completed as phase 3 continues. Road users are reminded to reduce speed in and around the work zone. This is an active work zone causing potential traffic delays.

Occasional lane and shoulder closures may be required to move equipment and perform work operations. Drivers, PLAN AHEAD and drive safely; being mindful of closures and alternate routes.

Know before you go! Use Caltrans Quick Map to get real time construction and traffic information. For those with sensory disabilities requiring alternate formats (i.e. Braille, large print, sign language interpreter, etc.) and those needing information in a language other than English, please contact Public Affairs at 909-383-4631 or TTY 711.
