## FOR IMMEDIATE RELEASE

### Culvert Repairs on State Route 330 near Running Springs

**SAN BERNARDINO COUNTY**— The California Department of Transportation (Caltrans) continues with phase 2 culvert repairs and mudslide removal on State Route 330 (SR-330) caused by the Line Fire. *Weather Permitting.*

Crews will continue to focus on installing new culverts, adding new berms, conducting slope stabilization, and removing dirt and debris. Work will take place from Monday, May 19 through Thursday, May 22, 2025, between 7:00 a.m. to 4:00 p.m. This project will require a flagging operation to be placed from postmile 34 to postmile 41.82 at Live Oak Avenue.

Drivers, please be mindful when passing through the construction zone. Flagging operations are scheduled to occur at daytime hours at various locations. Crews continue to haul material from lower drainage basins to our Lakeview yard off SR-18 west of Big Bear Dam at the entrance of the Arctic Circle. Additional delays inbound to Big Bear can be expected when trucks are loaded.

Please reduce your speed when near work areas for the safety of crews and other drivers on the route. Signage will be placed ahead to indicate approaching roadway work.

Know before you go! To stay on top of roadwork in the Inland Empire go to [Caltrans District 8](#) and sign up for commuter alerts. Follow us for the latest information on [Facebook](#) and [Twitter](#).

To assist in planning your commute, view live traffic conditions using [QuickMap](#) and [planned lane closures](#).
