**FOR IMMEDIATE RELEASE**

## State Route 91 Culvert Replacement Project

*November 2026*

**Corona** — The California Department of Transportation (Caltrans) alerts the public that crews are continuing culvert operations on State Route 91 (SR-91) in Corona. Work activities will occur just west of Green River Road. This is part of a $6M project to replace 82' long segments of existing culverts and improve wildlife crossing linkage.

**Two consecutive 55-hour closures of eastbound (EB) SR-91 lanes between SR-241 and Green River Road are scheduled:**

- **Friday, November 6 at 10:00 p.m. through Monday, November 9 at 5:00 a.m.**
- **Friday, November 13 at 10:00 p.m. through Monday, November 16 at 5:00 a.m.**

**Three lanes will remain open on SR-91 for traffic through access.**

**Full ramp and connector closures are required at the following locations:**

- **NB SR-241 to EB SR-91 connector FULL closure**
- **EB Gypsum Canyon Road on ramp(s)**
- **EB Green River Road off ramp**

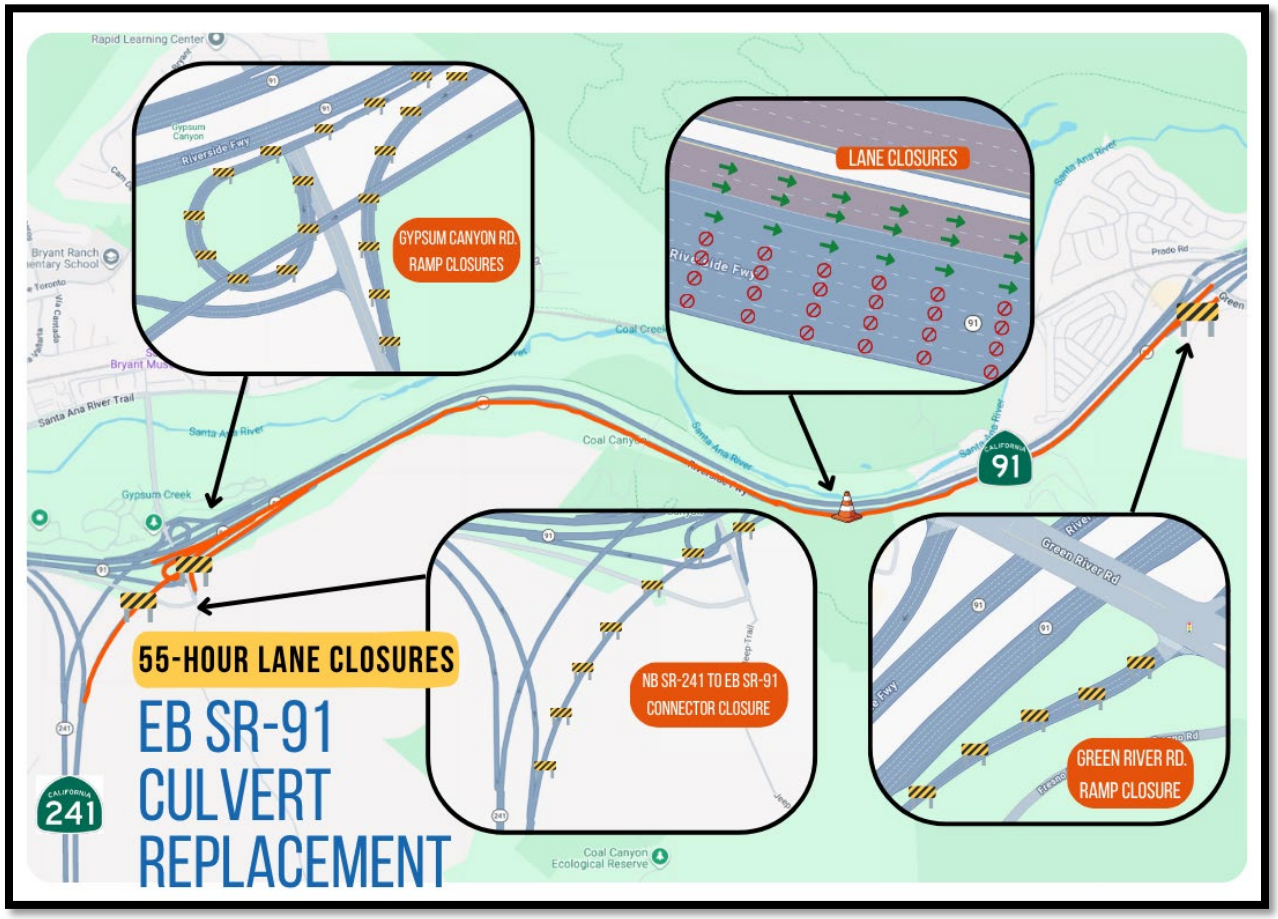

**Temporary traffic holds or alternating lane closures may occur as needed to support the removal and installation of channelizers.**

**No toll fees apply within project work limits on SR-91. Please adhere to signs alerting drivers where tolls apply again.**

**Alternate routes are available to avoid delays on WB SR-91, SR-57, SR-60, SR-71 and I-15! Please follow indicated detour signage.** The closures will allow crews to safely demolish and excavate the existing culvert and install a replacement along the main line. Please reduce your speed when near work areas for the safety of crews and other drivers on the route. Construction area signage will be placed ahead to indicate approaching roadway work. Closures are dependent on contractor receiving proper

materials for each job function. They can be changed or canceled at any time. Weather permitting.

**Drivers, please adhere to posted speed limits and signage informing of closures and roadwork ahead.**

**Please note that various work equipment and vehicles will be transporting material in and out of the project zone. Please reduce your speed when near work areas for the safety of crews and other drivers on the route. Signage will be placed ahead to indicate approaching roadway work.**

Know before you go! To stay on top of roadwork in the Inland Empire go to Caltrans District 8 and sign up for commuter alerts. Follow us for the latest information on Facebook and Twitter. To assist in planning your commute, view live traffic conditions using QuickMap.
