

# Day 1: Jesus washes his friends' feet.

Now, do as Jesus commands and wash your child's feet—in a tub, a sink, or just with wet cloths. Allow your child to wash your feet as well.

## A “washing the disciples' feet” lesson for kids

### What you need:

- Two towels (one for under the basin, and one to dry with)
- A basin or roasting pan (don't have either? put the kids on the kitchen counter and use the sink!)
- Warm water
- Soap (optional)

1. SAY: We're going to do this, just as Jesus commanded.
2. Wash each other's feet, making sure that every person has a chance to wash and be washed.
3. Afterward, ASK:

- What were you thinking while you washed his/her feet?
- How did you feel?
- Why do you think you thought/felt that way?
- How does it make you feel that Jesus would wash our dirty feet?
- Why do you think Jesus wants us to do this?
