

An anonymous donor made a very generous donation to the Park Foundation to plant flowering bushes and trees in memory of his aunt, a long-time Fairfax County resident who loved walking the GCCCT in the Penderbrook neighborhood.

- **Winter Kings** with purple, reddish leaf in the fall, white flower bloom in the spring followed by small red fruit loved by birds;
- **Spice Bushes** that have golden yellow leaves in the fall and small fruit after blooming in spring that attract birds and butterflies;
- **Dogwoods**, the Virginia state tree and flower, with their beautiful blooms.

The Park Foundation is sincerely grateful to our generous donor and to **Ward (Dolen) Crawford**, Park Operations, for his hard work selecting the correct native flora that will improve our trails.

These beautiful plants and trees will be enjoyed now and for many generations to come!

Just like the anonymous donor you can sponsor a bench or trees in your favorite Fairfax County park. To find more information, visit our [website](#).
